Dr. Elijah Granger
Superintendent

April 1, 2020

Lancaster ISD has been notified that a student who attends Lancaster High School and a student who attends Pleasant Run Elementary have tested positive for the Coronavirus COVID-19. Given the timing of these positive cases, we are not aware of any direct contact within the school community.

Both campuses have been deeply sanitized, and although schools and offices have been closed since March 23, 2020, and remain closed at this time, all Lancaster ISD employees and students are instructed to continue to follow CDC guidelines and recommendations and to practice social distancing.

Based on the information that we have gathered, it has been determined that the end of the 14-day incubation period for anyone possibly exposed to these persons is April 15, 2020.

Out of an abundance of caution, we advise you to monitor your health, follow the [CDC guidelines for people who have had close contact](#), and contact your primary care physician if you develop symptoms.

Lancaster ISD is continuing to monitor this situation and will provide additional information as needed. Please be safe and remain healthy by practicing 20-second hand washing, and other safety measures. We hope for a successful recovery for our Lancaster ISD students. As always, the health and safety of our students, staff, and community members is our number one priority. Thank you for your continued patience and support.

Sincerely,

Dr. Elijah Granger

Superintendent of Schools

Lancaster ISD Vision:

All students will achieve self-sustaining success and leave a lasting legacy.
